

## Google Apps for Education Parent Permission Form (K-5)

To  
Parents/Guardians,

At **Pleasant Grove Independent School District**, we use G Suite for Education for students. G Suite for Education is a set of education productivity tools from Google including Gmail, Calendar, Docs, Classroom, and more used by tens of millions of students and teachers around the world. At **PGISD** students will use their G Suite accounts to complete assignments, communicate with their teachers, sign into their Chromebooks, and learn 21st century digital citizenship skills.

**Students K-5 only have access to Pleasant Grove ISD Apps, which is a place for students to create, edit, collaborate and share information with teachers and classmates as well as safely store online communication and collaboration documents as they relate to school and their coursework. K-5 will not have email addresses.**

In addition, we also allow students to access certain other Google services with their G Suite for Education accounts. A list of additional services is available at <https://support.google.com/a/answer/181865>.

Google provides information about the information it collects, as well as how it uses and discloses the information it collects from G Suite for Education accounts in its G Suite for Education Privacy Notice. You can read that notice online at [https://gsuite.google.com/terms/education\\_privacy.html](https://gsuite.google.com/terms/education_privacy.html)
